LATE WAR NEWS

With the American Army in France - Wednesday, March 21. American troops in the north of France participated in a naval and aerial bombardment, which lasted for 20 minutes and was followed by an attack on the German front...

The raid returned in the American line after about 40 minutes. The German front was not immediately affected, but the British and French forces were preparing for an immediate attack.

The news was announced immediately by the American authorities, who declared that the raid was a part of a planned offensive against the German front.
